History of Smoothie King®

Stephen Kuhnau created the Smoothie King® smoothie (the original nutritional smoothie!) in the late 1960s. He suffered from food allergies and low blood sugar and began mixing real fruit, various nutrients and proteins in a blender at his home to combat his illness. His health improved so dramatically that he became a true believer in health and nutrition.

Stephen opened his first health food store in 1973 and began selling vitamins and the same original delicious, nutritious smoothies you enjoy at Smoothie King® today.

In 1989, Stephen and his partner Cindy sold their first Smoothie King® franchise with the vision of educating the public about health and nutrition.

Smoothie King® Mission: Relentlessly influence more and more people to achieve a healthier lifestyle with our vision of becoming the healthy alternative to unhealthy food choices by providing a consistent, outstanding guest experience, great-tasting nutritional smoothies, and the highest-quality nutritional products in a healthy environment.
